# THE RECORDER

## A PUBLICATION BY: STARK COUNTY RECORDER RICK CAMPBELL

### Attention Stark County Veterans

The Stark County Recorder's Office is pleased to announce a new initiative benefitting our United States Military Veterans. This program allows Stark County veterans to obtain a document identification card from our office. This card will display a picture of the veteran as well as various information regarding his, or her service to our country.

In Ohio, the office of the county recorder is responsible for maintaining military service discharge records, known in military parlance as a DD214 form. These discharge records are utilized by veterans to prove their eligibility for certain benefits their military service has earned. This card contains their specific document number, so the discharge record can be rapidly located when needed.

In order to receive an identification card, a veteran must record their military discharge with the Stark County Recorder's Office and show TWO of the following identifications.

- Valid Ohio Drivers License/Identification Card
- Certified Birth Certificate
- Social Security Card
- Identification card from the United States Dept. of Veterans Affairs
- Valid United States Passport
- Valid Conceal and Carry Permit

### Do not be scammed, your documents belong to you!

Many citizens throughout Stark County have been receiving letters from a private company urging them to purchase a certified copy of their deed. They will send a person theirs at a cost of an upwards of \$80.00.

This is a scam. Your documents are public record and you can get a certified copy of almost any document for \$2.00 per page. Most deeds are two pages. Please let your friends and family know that they can contact the Stark County Recorder's Office at anytime to receive a copy of any documents. All records are also available 24 hours a day, 365 days a year on the recorder's website and can be printed for free. For more information call the Stark County Recorder's Office at 330-451-7443 or visit us at [www.recorder.co.stark.oh.us](http://www.recorder.co.stark.oh.us).

Contact an Attorney about a  
Notice of Personal Property  
Transfer

## New Document Type - Personal Property

Effective March 27, 2013, Ohio Revised Code 317.08(E)(1) and 317.32(A)(2) created two new document types to be recorded in the Stark County Recorder's Office: *Notice of personal Property Transfer (NPPT)* and *Notice of Personal Property Transfer Real Estate (NPPTR)*. These two documents allow citizens of Stark County to transfer tangible and intangible personal property and real estate in conjunction with tangible and intangible property. These documents can be recorded for various reasons and can greatly assist with estate planning. As with all of our documents, the Stark County Recorder's Office cannot provide legal advice and we would strongly suggest you speak with an attorney in regards to preparing and recording a NPPT and NPPTR.

*"Our goal is to continue to  
make accessing your  
documents a quick and easy  
process."*

## Stark County Recorder to install new search program!

In the next few months the Stark County Recorder will be installing a new program for searching our records. This program is designed to be much more user friendly and easier to navigate.

The Recorder's Office

will continue to run its system as a free service. There will be no implementation of any fee so that people can continue to search and print your documents.

The new system should be in place by 2014. For

people that are already registered, you will be notified by email. The new system will also have a new more user friendly username and password recovery system as well.

Stark County Recorder's web-  
site will be changing this fall

## Recorder's Website to get a facelift!

With the updates to our search program we will also be updating our website with a brand new look. The new site will be more user friendly. The new site will have a carousel of the most used functions of our site so they are easy to find and navigate. There will also be updated pages for our Military Veterans and Living Will/Medical Power of Attorney.

The site is being done through collaboration with the other elected officials in county government. Our goal is for all of our sites to function in the same manner. This will make it easier for the citizens to quickly find and access the information that they need.

We hope that by updating all of our systems we can improve your overall experience with our office.
